

# VDR Internal Driver IR Camera

**Product code:** VDRCIR12V

The VDR Internal Driver IR Camera is an internal vehicle camera that is commonly used for in-cab recording. It is ideal for any type of vehicle. The device has infrared (IR) illumination to increase the quality of footage captured at night. It records in standard definition at 500(H) x 582(V) effective pixels. It also has a 120° viewing angle that allows you to have a wide view of the interior of your vehicle. The device also has plastic housing which gives it fantastic durability and is adjustable for different fitting locations and views. Additionally, it has very low power consumption for great battery life.

<b>Angle of View</b>	120°
<b>Effective Pixel</b>	500 (H) x 582 (V)
<b>Video Out</b>	1.0 Vp-p (Composite)
<b>Minimum Illumination</b>	IR LED On 0 Lux
<b>Operating Temperature</b>	-20°C - +60°C
<b>Input Voltage</b>	12V
<b>Power consumption</b>	Normal. 120mA (LED ON)
<b>Dimensions</b>	43mm x 38mm x 35mm
<b>Weight</b>	70g
<b>Wire Length</b>	5 Metres
